U. S. Department of Energy
1000 Independence Avenue, S. W.
Washington, D. C. 20585

June 5, 1997

Mr. David J. Lewis
Emergency Planning Coordinator
District of Columbia Emergency Management
Commission
231 Illinois Street
Washington, D. C. 20806

Dear Mr. Lewis:

We are making Emergency Planning Notification under Section 302 of the Emergency Planning and Community Right-to-Know Act for the U. S. Department of Energy Facility at 1000 Independence Avenue, S. W., Washington, D. C. We have designated Mr. Robert Doe as our Facility Emergency Response Coordinator. He will act as our representative in the local emergency planning process. The facility has the following Extremely Hazardous Substances on-site:

EHS compound 1	quantity (in pounds)
EHS compound 2	quantity (in pounds)
EHS compound 3	quantity (in pounds)
EHS compound 4	quantity (in pounds)
EHS compound 5	quantity (in pounds)
EHS compound 6	quantity (in pounds)
EHS compound 7	quantity (in pounds)

If additional emergency planning information for this facility is necessary, please contact our Emergency Response Coordinator, Mr. Robert Doe, at (202) 586-4321

Sincerely,

John L. Brown
