Sustainable Acquisition for Federal Agencies

Buy Green! Save Green!

Meet federal requirements and invest in your agency's future.

Learn to:

- **Identify the purpose and benefits** of federal sustainable acquisition goals and mandates
- **Develop a purchasing strategy** as part of an Environmental Management System (EMS)
- **Build internal agency programs, processes, and tools** to support sustainable acquisition
- **Integrate sustainable acquisition best practices** into contracts and purchase agreements
- **Locate and buy designated products and services** to meet reporting requirements

By taking this course learners will gain a better understanding of the requirements, available resources, best practices, and information pertaining to sustainable acquisition contract language.

Instructors:

Shabnam Fardanesh
Sustainable Acquisition
Program Coordinator
Office of Sustainable
Environmental Stewardship
U.S. Department of Energy

Sandra Cannon
Technical Support
Sustainable Acquisition Program
U.S. Department of Energy

Complete a quiz and course evaluation to receive a Certificate of Completion and CEUs

FEMP is an authorized provider of IACET CEUs
