

2019 Federal Environmental Symposium Call for Presentation Abstracts

The 2019 Federal Environmental Symposium **Call for Presentation Abstracts is now open** and **will run through Friday, May 3, 2019.**

This year's Symposium theme, *Federal Facilities Leading Environmental Change*, will focus on Federal sustainability initiatives over the past year while encouraging partnerships, sharing of information, and best practices amongst Federal facilities. The Symposium will be held:

October 30-31, 2019
Natcher Conference Center
National Institutes of Health
Bethesda, MD
9:00 AM- 5:00 PM

To make this Symposium a success, please consider participating in the conference as a presenter – to convey information, generate discussion, and highlight your organization's own achievements and challenges in this extensive field. Presentation categories include:

- * **Environmental Management Systems**
- * **Environmental Compliance**
- * **Pollution Prevention and Waste Reduction**
- * **Protecting Our Watersheds**
- * **Energy and Water Efficiency**
- * **Sustainability**
- * **Best Environmental Practices**
- * **Protecting Our Natural Resources**

With such a broad array of topics, this event promises to be exciting and informative gathering.

Presentation opportunities are open to Federal employees, contractors serving in direct support roles to Federal agencies (and presenting topics solely related to these functions), and individuals from industry, academia, and state and local governments working on Federally-focused projects or participating in Federal partnerships (and presenting topics solely related to these functions). Selected **presenters will be notified** beginning June 3, 2019, and **full presentations must be submitted** August 5 - August 30, 2019.

Don't hesitate - submit your proposal today!
