

2022 Federal Environmental Symposium Call for Presentation Abstracts

The 2022 Federal Environmental Symposium **Call for Presentation Abstracts is now open** and **will run through Thursday, December 30, 2021**.

This year's Symposium theme, *Mission, Environment, and Our Communities*, will focus on Federal sustainability initiatives over the past year while encouraging partnerships, sharing of information, and best practices amongst Federal facilities. The Symposium will be held via webinar only:

March 28-31, 2022
A Virtual Event
11:00 AM - 5:00 PM ET

To make this Symposium a success, please consider participating in the conference as a presenter – to convey information, generate discussion, and highlight your organization's own achievements and challenges in this extensive field. Presentation categories include:

- * **Management Systems (ISO Standards)**
- * **Environmental Compliance**
- * **NEPA: Protecting Our Nation's Natural and Historic Resources**
- * **Energy and Water Conservation**
- * **Sustainability**
- * **Resiliency**
- * **Emerging Chemicals (PFAS)**
- * **Management of Toxic Substances**

For category descriptions, visit <https://www.fedcenter.gov/fes2022-topics>. With such a diverse set of categories, this online event promises to be an exciting and informative 4-day webinar series.

Presentation opportunities are open to Federal employees, contractors serving in direct support roles to Federal agencies (and presenting topics solely related to these functions), and individuals from industry, academia, and state and local governments working on Federally-focused projects or participating in Federal partnerships (and presenting topics solely related to these functions). Selected **presenters will be notified** beginning January 31, 2022, and **full presentations must be submitted** March 11, 2022.

Don't hesitate - submit your proposal today!
