Federal Energy Management Program

## FEMP eTraining Series GUIDING PRINCIPLES for High-Performance and Sustainable Buildings 5-part series

### Improve the performance of your facilities. Meet federal mandates.

In this series you will learn strategies to increase energy and water efficiency and optimize environmental management to meet compliance requirements of the Guiding Principles.

EACH COURSE OFFERS 0.1 CEU

Register for  
the series

#### FEMP 30: Getting Started and Guiding Principle I

Covers the steps to ensure compliance with the Guiding Principles and Guiding Principle I: Employ Integrated Assessment, Operation, and Management Principles.

GP I  
Register Now!

#### FEMP 32: Guiding Principle III: Protect and Conserve Water

#### FEMP 31: Guiding Principle II: Optimize Energy Performance

Covers steps to meet compliance requirements for Guiding Principle II, including energy efficiency, on-site renewable energy generation, measurement & verification, and benchmarking.

GP II  
Register Now!

#### FEMP 33: Guiding Principle IV: Enhance Indoor Environmental Quality

Covers steps to meet compliance requirements for Guiding Principle III including reduced indoor, outdoor, and process water use, measured water use, and water efficient products.

GP III  
Register Now!

### FEMP 34: Guiding Principle V: Reduce Environmental Impact of Materials

Covers steps to meet compliance requirements including recycled content, biobased content, waste and material management, and ozone depleting compounds.

GP V  
Register Now!

Covers steps to meet compliance requirements including ventilation and thermal comfort, moisture, lighting, and tobacco smoke controls, low emitting materials, and integrated pest management.

GP IV  
Register Now!

**INSTRUCTOR:**  
**Sarah Jensen**, technical lead for sustainable buildings at the U.S. Department of Energy Federal Energy Management Program (FEMP).

With technical assistance from

**Carol Meincke**  
Sandia National Laboratories  
**Michael Myers**  
Myers Verde Company

## FEMP eTraining

- *No cost, No travel*
- *Instructors with hands-on federal experience*
- *Online, open access*
- *In-depth, self-paced courses available 24/7*

FEMP is an approved provider of IACET CEUs

International Association  
for Continuing Education  
& Training

FEMP eTraining Seminars are **FREE** training sessions.
